Creative Software Consultancy Services

Established 2010 · Jamshedpur, India · Microsoft Partner

ERP CONSULTING AND OUR OWN SOFTWARE

Make IT your organisation's greatest asset.

We implement and support Microsoft Dynamics 365 Business Central, and we build our own ERP and healthcare software. You get only what your business needs, from people who stay to support it.

ABOUT CSCS

Consultants who understand how a business actually runs.

Founded in Jamshedpur in 2010, CSCS is a Microsoft Partner specialising in ERP. We assess what your organisation needs, get your people on board, deliver the solution and support it for the long term.

Microsoft Dynamics services

- Dynamics 365 Business Central: implementation, customisation, upgrades and support
- Dynamics NAV: implementation, upgrades and customisation
- Dynamics AX for large, multi-entity organisations
- Consulting, custom development and user training
- Post-implementation support

API integrations for Business Central

- GST e-invoicing with IRN and signed QR codes
- E-Way Bill creation, update and cancellation
- GSTIN, PAN, CIN and bank account verification
- Employee attendance sync to payroll
- Fleet GPS and telematics
- Payment gateways, SMS, WhatsApp and other APIs

Industry solutions

Transport Management	B-School Management	Waste Management	Manufacturing Management
Hospital Management	CSCS India Payroll	Maintenance Management	Fleet Management

Why CSCS

- **Accountability.** A professionally qualified team that holds itself to a higher standard.
- **Experience.** Over three decades combined, across many kinds of business.
- **Expertise.** We learn a new business domain quickly and apply what we already know.
- **Training.** Microsoft Certified professionals train your team to run the system day to day.

Our purpose

Mission. Making IT the best possible asset for any organisation, with only the solutions your business requires.

Vision. To be the most preferred partner for all software-related work.

Leadership. Santosh Kumar, CEO, is a Certified Microsoft Professional with 20+ years delivering Dynamics NAV and Business Central solutions for 50+ customers.

Become a CSCS partner

Refer customers, or sell and support our products as a Reseller or Gold partner, and earn a share of every licence sold, every year it is renewed. Apply at **cscs.businessautomationerp.com/partners/apply**

Entrexa ERP

— ERP FOR EVERY BUSINESS

By Creative Software Consultancy Services

Run your whole business on one system, with books that prove themselves.

Purchase to payment, stock to statements, payroll to fixed assets. Built by ERP consultants for businesses that have outgrown spreadsheets and basic accounting software.

Purchase	Sales	Inventory	Manufacturing	Finance
GST & TDS	Payroll	Fixed Assets	Fleet & Operations	Maintenance

Everyday control

- RFQs to all vendors in one step, comparison on landed cost
- POs signed with a USB DSC token and sent by e-mail
- Multi-level approvals and verified vendor checks
- Sub-ledgers match control accounts; every figure drills down to its voucher
- Pivot tables and charts on every list, with Excel export
- Fields, tables, pages and reports built by wizard, with no code

Built for India

- GSTIN validation, GSTR-1, GSTR-3B and HSN summary
- IRN on posting; Part B, extension and consolidated e-way bills
- TDS sections and challans, Form 16A, salary TDS
- Udyam check and 45-day MSME payment reminder
- Several companies, each with its own books and GSTINs
- Cloud or your own server; Excel, Power BI and REST API

A plan for every stage

PLAN	FOR	WHAT IT ADDS
Starter	Trading and service businesses starting out	Purchase, sales, inventory, finance and banking, GST returns
SME	Growing small and medium businesses	TDS, e-invoice, e-way bill, approvals, verification, payroll
Business	Manufacturers and established firms	Manufacturing, fixed assets, DSC, table, page and report wizards
Professional	Multi-site operations and fleets	Fleet, maintenance, Excel and Power BI feeds, REST API, mobile apps
Enterprise	Groups and complex organisations	All modules, multiple companies, data bridge, cloud or own server

Every plan includes setup help, updates and support. Add-on modules are available for schools and housing societies.

Try it free for 45 days

A company set up with sample vendors, items and a month of postings.

Mediekalp ERP

Smarter Healthcare. Better Connected.

Your clinic or hospital on one patient record.

Every report, slip and bill reaches the patient on WhatsApp and e-mail, and every rupee lands in your accounts. For doctors, clinics, nursing homes and hospitals.

Doctor Portal

Today's patients, consultation and advice, from the doctor's own desk.

Clinic Management

Appointments, tokens, prescriptions, medicines and bills in one place.

Hospital Management

Every desk from reception to discharge, with beds, wards and insurance.

Front desk & OPD

- UHID and ABHA registration
- Appointments and OPD tokens
- Doctor's desk and consultation
- Reports on WhatsApp

IPD & nursing

- Bed board and admissions
- Vitals with NEWS2, medication chart
- IPD deposits and discharge
- Operation theatre and emergency

Diagnostics & billing

- Laboratory and radiology
- Pharmacy
- Bills posted to accounts, online payment
- Insurance claims and statutory registers

ABDM integration: Milestones 1 to 4

M1
ABHA at the front desk, Scan & Share

M2
Records linked to ABHA and shared on consent

M3
Records from other hospitals in the history

M4
Doctors and facilities on ABDM's registries

All four milestones are built and going through ABDM's sandbox testing. Clinical coding: ICD-10, ICD-11, LOINC and SNOMED CT.

More than a hospital system. Mediekalp includes the full Entrexa ERP: accounts, GST, stock, purchase and payroll, in the cloud or on your own server.
